## SOUTHERN PROGRESS.

The Number of New National Banks Show Rapid Growth.

### TEXAS IN THE LEAD.

More Building Going on in Cities and Towns Than Ever Known Before and the Demand for Lumber Is Very Great.

Baltimore, Aug. 10.—The south has shared liberally in the impulse given to national banks by the act of March 14, 1900, according to an analysis in this week's Manufacturers' Record. Of the 665 banks organized since then 170 are in the 14 southern states with an aggregate capital of \$9,105,000, more than a quarter of the total capital, \$34,267,000, represented in all the new banks. The group of these southern banks rank second in number and capital of all the groups in the country, eight middle western states north of the Ohio leading. Texas is now first in the list of new banks, 85, and third in the amount of capital involved, \$3,340,000. Pennsylvania's 73 new banks representing a capital of \$4,357,000, and Ohio's 42 banks representing a capital of \$3,520,000. Of the new southern banks 109 have taken advantage of the provision permitting the organization of a national bank with less than \$50,000 capital.

The organization of these banks has been made necessary by the recent development in southern industry and railroad construction, and building operations in many cities and towns have contributed not a little to the same end. For example, a correspondent at Atlanta writes that there is a much larger amount of money being invested in new buildings in that city than in any time in recent years. Similar facts are noted in quite a number of other southern cities, and the effect is seen in a healthy status of the lumber industry at various points, though the hardwood trade as reflected at Memphis is dull, and the market at Mobile for timber has very little snap about it.

At Jacksonville the industry is of a very healthy character and in nearly all lines there is an encouraging volume of business pointing to the growing importance of the trade at all Florida ports. The rapid development of pine and cypress timber lands throughout the state and the recent sales of hardwood timber lands to be at once developed have attracted buyers from northern markets in increasing numbers.

The immense interests in lumber of Louisiana and Mississippi centering at New Orleans, promises a continuance of activity through the early autumn and winter months. In Mississippi the season has been a most satisfactory one for lumbermen and the demand from the north and northwest is better than ever before. Northern markets are taking an immense quantity of red cypress, and it is estimated that the increase in the shipments of this wood from Louisiana has been nearly 33 1/2 per cent.

The opening of government lands in Oklahoma has been a fruitless source of lumber orders for the southeastern states. Firms in Beaumont, Tex., alone have furnished probably more than 200 carloads of lumber from the territory, while orders from Texas are numerous, calling for a large amount of planer stock, flooring, ceiling, siding, etc. This demand is the greatest in many years and is caused, apparently, by the extensive building operations in the cities and villages of Texas. As a result it is almost impossible to find a mill that can give prompt shipment on a mixed car of finishing lumber because the rough stock is not to be had. The western trade has quite eager enquirers for Texan stock, but it is held at prices which the western wholesalers claim they cannot pay.

### COCKRAN ONLY LAUGHED.

Ex-British Officers Shun Him for Receiving Boers at New York.

New York, Aug. 10.—Bourke Cockran had an unpleasant experience Friday night in the lobby of the house of commons in London, where Mr Cockran was the guest of Winston Churchill. A dispatch to The World from London says while taking Cockran around Winston met Colonel Arthur Lee, recently British military attache at Washington, and called him over.

"Don't you know my friend, Bourke Cockran?" he said.

"Yes," said Colonel Lee curtly. "The last time I saw him he was welcoming Boer delegates to Washington." And the colonel turned on his heel. Mr Cockran only smiled, while Mr Churchill made profuse apologies for the subject of his guest to such a rebuff.

Cutting in Wood County.

Fort Worth, Tex., Aug. 10.—A special received here says a cutting scrape between Wylie I. and Walter Sharp and Clarence and Elmore Harrington, about

15 miles south of Yantis, in Wood County, resulted in the death of Elmore Harrington. The fight was over an old grudge and family troubles.

### Clerk Arrested.

Washington, Aug. 10.—Chief Wilkie of the secret service, has received a telegram from San Francisco announcing the arrest of Walter Dimmick, formerly chief clerk of the United States mint there. The telegram gives no particulars.

### SHIP'S NARROW ESCAPE.

Bomb Exploded Under a Vessel to Take Mules for the British Army.

New Orleans, Aug. 10.—What is regarded as an attempt of Boer sympathizers to blow up a British transport occurred here shortly after midnight last night when a terrific explosion occurred at the landing where the Harrison line steamer Mechanician was moored, which is to carry mules to South Africa. The explosion shook houses, rattled dishes and windows and awakened people for some distance around. Most of the crew of the ship were asleep, but the explosion brought them quickly from their births to the deck. The examination made at the time of the explosion showed a large dent on the starboard side of the ship. Two plates at the water edge had been sprung and considerable water let into ship. Pumps were immediately put to work and when daylight came it was found that the vessel was in no danger of sinking and the damage not serious. The crew denied there being any explosives on board and there seems little doubt, according to statements of those who examined the ship, that the explosion was from the outside and some sort of bomb or torpedo had been used.

Alfred LeBlanc, agent for the Harrison line said three large plates on the starboard side of the ship had been stove in and 16 rivets broken off or knocked completely from their places. As the ship was making considerable water it was decided to shift ballast of cargo so as to lift the damaged section out of the water.

It is thought the damage can be quickly repaired here. The agent said the Mechanician will be loaded with a cargo of mules Monday and get away for South Africa as soon as possible.

The British officer who was on the ship said the explosion was terrific and that a column of water went high up in the air and came down on deck.

Neither the agent of the ship nor any of the officers are willing to express any theory with regard to who is responsible for the explosion.

It is suggested in some quarters it might have been the act of some disgruntled muleteers. Many of the muleteers who have from time to time left this city on British transports returned with complaints of treatment they received and a number of such acts are now pending against British ships in the federal courts.

### BULLION RECOVERED.

John Winters Tells Officers Where He Hid His Treasure.

San Francisco, Aug. 10.—The mystery of the bullion robbery at the Selby Smelting works may be cleared up soon and the missing gold all recovered. It is believed that John Winters, the suspect now in custody, has made a full confession and has declared the treasure is lying in the shallow water of Casquine Straits.

It is still a mooted question whether the robbery was the work of one man or of several. Many circumstances seem to indicate the complicity of some one within the works and the manner in which the opening was drilled in the floor is thought to show such knowledge of the interior arrangements as could not have been possessed by Winters.

Gold bars amounting to \$180,000 worth of the precious metal were recovered and the balance will be taken from the hiding place. John Winters took detectives to where he hid the gold. The spot chosen by him was a poor one for secreting so much treasure, it being at the end of the railroad wharf, but a short distance from the company's plant and but a few feet of water covered the hiding place.

### No Additional News.

Washington, Aug. 10.—The state department is without any additional information concerning the Venezuelan-Colombian situation, or upon the revolutionary outbreak on the isthmus. These two troubles are quite distinct, one on the west and the other on the east of Colombia. The Ranger, which has been ordered to get in readiness at San Diego, Cal., for a trip to Panama, is a cruiser of 1020 tons displacement and has been engaged for some time past for surveying work down on the Pacific coast and Central American waters.

### Minors to Aid Steel Workers.

### Germany Will Support England.

New York, Aug. 10.—A dispatch to The Herald from Berlin says the foreign office has received news from Morocco that confirms reports of the arrest of the chief of special mission to Berlin and London. In spite of the fact that the opening up of the Morocco question would at present be very inopportune, Germany is prepared to support England in any diplomatic action she may take.

### British Block House Captured.

London, Aug. 10.—A dispatch from General Kitchener, dated Pretoria, says a block house near Bradfort, Orange River colony, was rushed and captured by Boers after severe fighting on the night of Aug. 7. He also said Elliott had captured 50 prisoners and large quantities of stock and wagons which he is sending in.

## SERIOUS CHARGE.

Officers Arrested at New York for Aid-  
ing the Poolrooms.

New York, Aug. 10.—Disclosures in-  
volving attempts to buy an officer of  
the Society for the Prevention of Crime  
and implicating men on duty at police  
headquarters and several sergeants in  
the stopping of gambling houses pre-  
vious to contemplated raids, have fol-  
lowed the arrest of Edgar A. Whitney  
and E. Bergdorff, alleged to be members  
of a secret service bureau in this city.  
The men were arrested on a charge of  
conspiracy and aiding and abetting  
gamblers and were arraigned before  
Justice Jerome in the rooms of the so-  
ciety. They were each held in \$3000  
bail.

It is claimed the two detectives had  
approached Agent Dillon of the society  
and offered him money to keep them in-  
formed of the movements against pool  
rooms. Whitney was induced by Dil-  
lon to call at the rooms of the society  
and while there was arrested. He im-  
mediately tossed a bundle of papers out  
of the window. These papers were recov-  
ered by a policeman on the watch. Among  
them was found duplicate list of pool  
rooms which Whitney had previously  
supplied to Agent Dillon.

One of the most remarkable phases of  
the developments as related by Frank  
Moss, in the presence of the executive  
committee of the society, was the state-  
ment that 30 pool rooms were emptied  
promptly by means of telephone com-  
munication following lines laid down  
by Whitney in his arrangements with  
Dillon, some of the messages being  
sent through police headquarters direct  
to the captain or sergeants in charge of  
precincts in which the gambling houses  
were in operation. Mr. Moss claims  
that by this system of telephoning a  
"moral and practical connection has  
been established between police head-  
quarters and the pool rooms."

## ADVISED TO HOLD STOCK.

The Santa Fe Tells Stockmen They Will  
Profit by Holding.

Kansas City, Aug. 10.—A circular let-  
ter has been sent out by the Santa Fe  
traffic department to hundreds of Kan-  
sas stockmen advising them not to ship  
stock to market at the present time. The  
letter states that indications now point  
to a large crop of late corn and calls at-  
tention to the fact that there is plenty  
of wheat in the country which may be  
used for food, and ends by saying that  
although it may cost considerably more  
this winter to keep stock as compared  
with past winters, the stock owners will  
profit in the end. The stock business of  
the Santa Fe and other Kansas roads  
has been immense during the past sev-  
eral weeks.

### Hot Wave in Italy.

London, Aug. 10.—Telegrams from  
Rome say nothing like the heat wave  
which is scorching all Italy has been  
known there before. The thermometer  
in many points of the country registers  
43 centigrades in the shade. Vineyards  
in whole districts have been shriveled  
up and ruined. The air in the province  
of Syracuse is barely respirable, and  
the sea water so warm that bathing  
has been abandoned. People are forced  
to sleep in open air.

### Mortgages on Farms.

Dallas, Aug. 10.—The records at the  
county clerks' office tend to show that a  
much less number of mortgages on  
farms than usual has been filed for  
record. This, of course, is taken to  
mean that the farmers of Dallas county  
are in a prosperous condition, generally  
speaking, and in spite of the losses sus-  
tained by reason of the almost total fail-  
ure of the earlier crops.

## Governor Sayers Tells a Story.

Austin, Tex., Aug. 9.—"I had a  
most remarkable experience yester-  
day," said Governor Sayers to a  
group of visitors today. "I came  
into the reception room of my  
office and saw sitting there a man  
of good appearance and of intelli-  
gent bearing. When I asked if he  
wanted to see me, he replied that  
he did, and that his business was  
of the greatest importance to Texas.  
I invited him into my private office  
and he gave me further particulars  
of his business with me. He said  
that he was a hypnotist; that he  
had taught his wife hypnotism.  
His wife had taught the mysterious  
art to another man in North Texas,  
and the latter, being of stronger  
will power, had hypnotized his  
wife into living with him. My  
visitor wanted the Legislature to  
pass a law prohibiting the practic-  
ing of hypnotism in Texas. I told  
him that a splendid opportunity  
was offered him to exercise his  
hypnotic power while the Legisla-  
ture is in session: that if he could  
make any arrangements with the  
members of the existing delegation  
in Congress for hypnotizing the  
members of the Congressional Ap-  
portionment Committees and the  
other legislation to leave the con-  
gressional districts as they are, his  
fortune would be made. The man  
inquired where the legislators could  
be found, and the last I saw of him  
he was on his way to the second  
floor of the capitol."—Galveston

Sarah F. Corrigan, who are non-resi-  
dents of the State of Texas, to be and  
appear before the District Court to  
be holden in and for the county of  
Brazos, at the Court House thereof  
in the City of Bryan, on the 8th day  
of August, 1901, wherein W. K.  
Symms is plaintiff, and John W.  
Gee, Hiram H. Cosby, J. C. Webb,  
Court D. Webb and his wife Hattie  
M. Webb, Elias E. Post and his wife  
Mary R. Post, and Peter W. Ander-  
son, Geo. W. Grabbie, J. M. Halton,  
A. V. Halton and Sarah Corrigan  
are defendants. File number of  
said suit being No. 3464. The peti-  
tion of said plaintiff reciting in sub-  
stance as follows, viz: That on July  
15, 1892, the plaintiff purchased from  
A. Whittaker the east half of the  
Sterrett D. Smith league of land in  
Brazos county, Texas, by a warranty  
deed recorded in volume 9 page 461,  
deed records of Brazos county,  
Texas, and entered into possession  
of said land and still holds same.  
That in Vol. 2, page 236, in the deed  
records of Brazos county, Texas,  
there is entered an instrument signed  
by Alfred Whittaker purporting to  
convey to Alfred Gee the following  
described tract of land: "situated  
in the State of Texas, viz: One half  
league of land in Brazos county be-  
ing the headright Sterritt D. Smith,  
and bot by me from the said Smith."  
That said instrument is unauthenti-  
cated, and was unlawfully admitted  
to record. That the following deeds  
were made, to-wit: Alfred Gee to  
John W. Gee, recorded in book O,  
page 466; John W. Gee to Hiram H.  
Cosby, recorded in book O, page 58;  
Cosby to John C. Webb, recorded in  
book O, page 59; John W. Gee to J.  
C. Webb, recorded in book O, page  
58; Court D. and Hattie M. Webb to  
Elias M. Post, recorded in book 5,  
page 188; E. E. Post and wife to Pe-  
ter W. Anderson, recorded in book 6,  
page 261; E. E. Post and wife to  
Geo. W. Grabbie, recorded in volume  
5, page 55; E. E. Post and wife to  
J. M. and A. V. Halton, recorded in  
volume 6, page 138; E. E. Post and  
wife to Sarah F. Corrigan, recorded  
in book 6, page 420; Corrigan to E. E.  
Post, recorded in volume 8, page 262.  
That said purported deed from Al-  
fred Whittaker to Alfred Gee, and  
all deeds above set out to parties at-  
tempting to hold under said pur-  
ported deed to Gee, are a cloud upon  
plaintiff's title.  
Plaintiff prays for process, and for  
judgement declaring the title from  
Alfred Whittaker to Alfred Gee to be  
null and void and of no force and  
effect, for costs of court and general  
and equitable relief.  
Herein fail not, but have you be-

fore said Court, on the said first day  
of the next term thereof, this citation  
with your return thereon, showing  
how you have executed the same.  
Attest—J. W. Batts, Clerk of the  
District Court of Brazos county.

Given under my hand and the seal  
of said Court, at office in Bryan, in  
the County of Brazos in the State of  
Texas, this 8th day of August, 1901.

### Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La. Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the sunbathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to

### QUESTION ANSWERED.

Yes, August [Flower] still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

Appreciating the advantages Bryan offers as a cotton market, R. B. Templeman & Son, the largest merchants and cotton buyers of Navasota are making arrangements to buy cotton in Bryan this season. Mr. John Felder, who will represent the Templemans here, spent yesterday in Bryan for the purpose of securing an office and making other preliminary arrangements. He was accompanied by Mr. Ward Templeman, junior member of the firm. The Templemans are known throughout this section of the state as ready and extensive buyers. Mr. Felder has had eight or ten years experience in cotton and was formerly with McDaddens. Mr. Felder's wife was formerly Miss Mattie Ella Yarborough, a favorite in social circles here. Mr. Felder expects to begin business here this week.

The officers of the Central Texas fair have seen fit to send away from Bryan to get their letter heads and envelopes printed—for an ordinary red and blue job of letter press work, which could have been printed in Bryan just as well. This for a local home affair for the encouragement of Brazos county enterprise, does not look well, especially when both local printing offices are stockholders.

The largest mortgage ever filled in the history of Brazos county was filed at the courthouse here yesterday by the I. & G. N. railroad company being a first and second mortgage for the sum of \$10,000,000 to secure bonds for the construction of the road.

Next Tuesday night the regular monthly meeting of the business league will be held at K. of P. hall and the annual election of officers will take place. A full attendance of the members is desired. Make your arrangements to be on hand.

## MORE CONTEST SUITS

Three More Protests to the Claim of James Woods.

## TOWN LOTS STAKED.

A Company Selects a Portion of Wood's Claim and Squatters Settle on His Land—Lawton Town Lots Selling Well.

Fort Sill, O. T., Aug. 10.—Three additional contest suits have been started against James R. Woods, the first winner in the Lawton district land lottery, who in choosing his claim shut Miss Mattie Beals out from filing on a tract next to Lawton. A local townsites company staked off Woods' entry and stretched ropes to indicate alleys and lots and gave notice of contest. These Woods displaced with the aid of an axe, but during Thursday night 200 squatters took possession and say they will contest to the end. Woods' attorneys have warned the squatters to move within 10 days. A fourth contest was inaugurated when a placer miner claim based on the alleged discovery of oil in the Woods homestead was filed with the register of deeds.

Town lots in Lawton are selling for a figure which exceeds the most confident predictions. The average for 55 lots sold Thursday was \$300. Friday morning the first corner in the block north of the land office sold for \$900 and the average for the first five sold was \$360. A combination was formed to change the business center of the town to the street running one block north of the courthouse and land office. The two national banks bought lots along this street, and the lot on the corner was sold to the First National bank, now doing business in a small tent, for \$950. But the effort to stampede the town failed. In the two days the two national banks have received deposits aggregating more than \$500,000.

### Another New Town.

Mountain View, O. T., Aug. 10.—Twenty-six mile south of this place Thursday was born a new city that has 300 actual residents and in operation a hardware store, a grocery store, two restaurants and several other establishments will be in operation as soon as the lumber can be delivered on the townsite. This new town is called Park City and it is one of the government townsites reservations. Within a half mile of the city is a mountain spring that flows several thousand gallons of water each day and in a mile of the site are the copper mineral claims of Charles Colcord and others. The site is 30 miles northwest of Lawton.

### Murdered in Mexico.

San Antonio, Aug. 10.—News has just reached this city of the horrible murder of Mrs. Mary Conliffe, wife of Superintendent George H. Conliffe of the cotton mill at Gomez Palacio, Durango, Mex. She was found dead in her dining room just after 11 a. m. by Mr. Conliffe, who went from the mill to get lunch. Death was caused by strangulation and the body left in such a position to indicate that criminal assault besides murder had been committed. There were three ugly gashes on the face, and around the neck tied tightly, was a cotton cloth. The house had been robbed and many items of interest stolen. Officers have under arrest three peons, one of whom has confessed. The Conliffes are from Pawtucket, R. I.

### Sues Mrs. Nation for Divorce.

Medicine Lodge, Kas., Aug. 10.—David Nation has brought suit for a divorce from his wife, Mrs. Carrie Nation, the temperance crusader. Mr. Nation, who is now visiting in Iberia, O., alleges his wife held him up to public ridicule, neglected her family duties and abandoned his home.

### Eight-Hour Law Upheld.

Joplin, Mo., Aug. 10.—Judge Hugh Dabbs, of the circuit court, handed down a lengthy written opinion upon the constitutionality of the 8-hour law passed by the last legislature, as relating to lead and zinc miners in Missouri. Judge Dabbs decided this law constitutional.

### Sale of Lumber Land.

Marinetta, Wis., Aug. 10.—The J. C. Brown Lumber company has sold to the Meyer-Hauser syndicate 70,000 acres of land in Louisiana for \$65,000. The pine is located in the parishes of Vernon, Sabine, Calcaules and Hatochoches. There are over 500,000,000 feet of pine on the tract.

### Shooting at Dallas.

Dallas, Aug. 10.—A woman, Willie White, was killed and another called Sadie Walker was wounded so seriously that it was not believed she can live by an unknown person at a house on Camp street, last night. The police have made one arrest. There was no witnesses to the killing.

### Assassinated in the Territory.

Denison, Tex., Aug. 10.—James McFarland, a prominent cattleman and rancher in the Creek Nation, was assassinated between Muskogee and Henryetta, Creek Nation. The body was found with 17 bullet holes in it. There is no clew to the murder.

### Tragedy Near San Angelo.

San Angelo, Tex., Aug. 10.—J. L. Hewitt was shot and killed about eight miles west of here. Several shots were exchanged, when Hewitt fell with a bullet through his head. It is said an old school land controversy was the cause.

## BECOMING SERIOUS.

War Between Colombia and Venezuela Demands American Warships.

Washington, Aug. 10.—The situation in Colombia and Venezuela continues to occupy much of the attention of officials here and while it was not felt that affairs had reached a serious aspect, yet it was appreciated that both the official and unofficial advices indicated a condition of affairs which might mean war between Colombia and Venezuela complicated by revolutionary outbreaks in both countries.

The state department Friday received mail communication from Consul General Cudger at Panama and though this was dated nearly a month ago it told of the landing of a revolutionary expedition and expressed the current belief held at Panama that this would be followed by other expressions. The department also received a letter from J. Edward Simmons, of New York, president of the Panama Railway company, confirming his communication of Friday relative to the trouble on the isthmus and stating that the superintendent of the road had advised him as to the depredations of an insurgent band which did not number, however, much over 50 men.

The more serious aspect of the matter was presented in the press dispatches from Willemstad stating that the Colombians again had invaded Venezuela. There was no official confirmation as to this, but if it should prove correct, there seems little chance of avoiding an open conflict between these two countries as such an invasion by Colombia would in itself be an act of war.

At the navy department it was decided definitely to send the battleship Wisconsin down to San Diego, Cal., in case the desirability of that move became evident by the time she reached San Francisco and the state department was so advised. A force would be sent from the north Atlantic squadron if it should become desirable.

## GENERAL PAGE DEAD.

He Held Mobile Bay Against Farragut's Fleet for Two Weeks.

Norfolk, Aug. 10.—General Richard L. Page of this city, died at his summer home at Blue Ridge Summit, Va., Friday night in the 94th year of his age. He became a midshipman in the United States navy in 1824. In 1861 he resigned his commission as commander in the United States navy and joined the Confederate service. He was commanding brigadier general in 1863. He commanded the outer defenses of Mobile bay at Fort Morgan and with 400 men held Farragut's fleet at bay for two weeks.

General Page was a brother-in-law of Charles Lee, attorney general in Washington's administration, and of "Light Horse" Harry Lee, father of Robert E. Lee.

## Confessed Complicity.

Paris, Aug. 10.—A dispatch to The Patrie from Rome says the anarchist Luigi Gianotti, who is charged at Milan with being an accomplice of Bresci, in the assassination of King Humbert, has confessed to his complicity in the crime. He admits that he left Paterson, N. J., in company with Bresci and that they went together to Monza near Milan. Gianotti started a street row at Monza the day of the murder in order to distract the attention of the police while Bresci attacked the king.

## TEXAS NEWS.

### Insects in Cotton Fields.

Denton, Tex., Aug. 10.—J. C. Hawk of Corinth brought to town Friday several cotton bolls which had been attacked by some insect unknown to him that is, he says, playing havoc with the cotton in his community. The bolls had the appearance of having been bruised in little round spots all over and on examination showed that the bruise extended a considerable distance inside. The boll, after being attacked, Mr. Hawk said, dries up and opens, but the fiber is poor and the boll small. The bolls were shown to J. R. Chambers of Bartonville, an old cotton raiser, who said the insect is a sort of terrapin looking creature about a half inch long, but he had never seen them so bad before.

### Suit of an Indian Girl.

El Reno, O. T., Aug. 10.—Miss Lonie Jackson, a minor claiming to be an Apache Indian, brought suit in the district court here Aug. 5, praying to be given the southwest quarter of section 8, township 2, range 10, in Comanche county, Chief Allotting Agent Nessler having refused to allot her. Judge Irwin granted a temporary order restraining Register Sickles and Receiver Reed of the United States land office from accepting entries on the quarter section until this young Indian girl's rights are determined.

### School Apportionment.

Austin, Aug. 10.—The state board of education at a meeting held here made the apportionment of the state available school fund of \$4.75 per capita, based on a scholastic census of 740,000 children. The scholastic census for 1900-1901 was 729,175 apportionment, \$4.75 per capita; for 1899-1900, 796,072 apportionment, \$4.50 per capita.

### Roosevelt Welcomed.

Victor, Colo., Aug. 10.—Victor gave an enthusiastic welcome to Vice President Roosevelt Friday, fully 16,000 people participating. After an inspection of the Portland mine 1000 feet below the surface, the vice president was taken to the Gold Coin club for lunch where he responded to a toast. A public reception was followed by a carriage drive. After a visit to Cripple Creek the vice president returned to Colorado Springs.

## SOUTHERN PROGRESS.

The Number of New National Banks Show Rapid Growth.

### TEXAS IN THE LEAD.

More Building Going on in Cities and Towns Than Ever Known Before and the Demand for Lumber Is Very Great.

Baltimore, Aug. 10.—The south has shared liberally in the impulse given to national banks by the act of March 14, 1900, according to an analysis in this week's Manufacturers' Record. Of the 665 banks organized since then 170 are in the 14 southern states with an aggregate capital of \$9,105,000, more than a quarter of the total capital, \$34,267,000, represented in all the new banks. The group of these southern banks rank second in number and capital of all the groups in the country, eight middle western states north of the Ohio leading. Texas is now first in the list of new banks, 85, and third in the amount of capital involved, \$3,340,000. Pennsylvania's 73 new banks representing a capital of \$4,357,000, and Ohio's 42 banks representing a capital of \$3,520,000. Of the new southern banks 109 have taken advantage of the provision permitting the organization of a national bank with less than \$50,000 capital.

The organization of these banks has been made necessary by the recent development in southern industry and railroad construction, and building operations in many cities and towns have contributed not a little to the same end. For example, a correspondent at Atlanta writes that there is a much larger amount of money being invested in new buildings in that city than in any time in recent years. Similar facts are noted in quite a number of other southern cities, and the effect is seen in a healthy status of the lumber industry at various points, though the hardwood trade as reflected at Memphis is dull, and the market at Mobile for timber has very little snap about it.

At Jacksonville the industry is of a very healthy character and in nearly all lines there is an encouraging volume of business pointing to the growing importance of the trade at all Florida ports. The rapid development of pine and cypress timber lands throughout the state and the recent sales of hardwood timber lands to be at once developed have attracted buyers from northern markets in increasing numbers.

The immense interests in lumber of Louisiana and Mississippi centering at New Orleans, promises a continuance of activity through the early autumn and winter months. In Mississippi the season has been a most satisfactory one for lumbermen and the demand from the north and northwest is better than ever before. Northern markets are taking an immense quantity of red cypress, and it is estimated that the increase in the shipments of this wood from Louisiana has been nearly 33% per cent.

The opening of government lands in Oklahoma has been a fruitless source of lumber orders for the southeastern states. Firms in Beaumont, Tex., alone have furnished probably more than 200 carloads of lumber from the territory, while orders from Texas are numerous, calling for a large amount of planer stock, flooring, ceiling, siding, etc. This demand is the greatest in many years and is caused, apparently, by the extensive building operations in the cities and villages of Texas. As a result it is almost impossible to find a mill that can give prompt shipment on a mixed car of finishing lumber because the rough stock is not to be had. The western trade has quite eager enquirers for Texan stock, but it is held at prices which the western wholesalers claim they cannot pay.

### COCKRAN ONLY LAUGHED.

Ex-British Officers Shun Him for Receiving Boers at New York.

New York, Aug. 10.—Bourke Cockran had an unpleasant experience Friday night in the lobby of the house of commons in London, where Mr. Cockran was the guest of Winston Churchill. A dispatch to The World from London says while taking Cockran around Winston met Colonel Arthur Lee, recently British military attaché at Washington, and called him over.

"Don't you know my friend, Bourke Cockran?" he said.

"Yes," said Colonel Lee curtly. "The last time I saw him he was welcoming Boer delegates to Washington." And the colonel turned on his heel. Mr. Cockran only smiled, while Mr. Churchill made profuse apologies for the subjection of his guest to such a rebuff.

### Cutting in Wood County.

Fort Worth, Tex., Aug. 10.—A special received here says a cutting scrape between Wylie L. and Walter Sharp and Clarence and Elmore Harrington, about

15 miles south of Yantis, in Wood County, resulted in the death of Elmore Harrington. The fight was over an old grudge and family troubles.

### Clerk Arrested.

Washington, Aug. 10.—Chief Wilkie of the secret service, has received a telegram from San Francisco announcing the arrest of Walter Dimmick, formerly chief clerk of the United States mint there. The telegram gives no particulars.

### SHIP'S NARROW ESCAPE.

Bomb Exploded Under a Vessel to Take Mules for the British Army.

New Orleans, Aug. 10.—What is regarded as an attempt of Boer sympathizers to blow up a British transport occurred here shortly after midnight last night when a terrific explosion occurred at the landing where the Harrison line steamer Mechanician was moored, which is to carry mules to South Africa. The explosion shook houses, rattled dishes and windows and awakened people for some distance around. Most of the crew of the ship were asleep, but the explosion brought them quickly from their births to the deck. The examination made at the time of the explosion showed a large dent on the starboard side of the ship. Two plates at the water edge had been sprung and considerable water let into ship. Pumps were immediately put to work and when daylight came it was found that the vessel was in no danger of sinking and the damage not serious. The crew denied there being any explosives on board and there seems little doubt, according to statements of those who examined the ship, that the explosion was from the outside and some sort of bomb or torpedo had been used.

Alfred LeBlanc, agent for the Harrison line said three large plates on the starboard side of the ship had been stove in and 16 rivets broken off or knocked completely from their places. As the ship was making considerable water it was decided to shift ballast of cargo so as to lift the damaged section out of the water.

It is thought the damage can be quickly repaired here. The agent said the Mechanician will be loaded with a cargo of mules Monday and get away for South Africa as soon as possible.

The British officer who was on the ship said the explosion was terrific and that a column of water went high up in the air and came down on deck.

Neither the agent of the ship nor any of the officers are willing to express any theory with regard to who is responsible for the explosion.

It is suggested in some quarters it might have been the act of some disgruntled muleteers. Many of the muleteers who have from time to time left this city on British transports returned with complaints of treatment they received and a number of such acts are now pending against British ships in the federal courts.

### BULLION RECOVERED.

John Winters Tells Officers Where He Hid His Treasure.

San Francisco, Aug. 10.—The mystery of the bullion robbery at the Selby Smelting works may be cleared up soon and the missing gold all recovered. It is believed that John Winters, the suspect now in custody, has made a full confession and has declared the treasure is lying in the shallow water of Casquine Straits.

It is still a mooted question whether the robbery was the work of one man or of several. Many circumstances seem to indicate the complicity of some one within the works and the manner in which the opening was drilled in the floor is thought to show such knowledge of the interior arrangements as could not have been possessed by Winters.

Gold bars amounting to \$130,000 worth of the precious metal were recovered and the balance will be taken from the hiding place. John Winters took detectives to where he hid the gold. The spot chosen by him was a poor one for secreting so much treasure, it being at the end of the railroad wharf, but a short distance from the company's plant and but a few feet of water covered the hiding place.

### No Additional News.

Washington, Aug. 10.—The state department is without any additional information concerning the Venezuelan-Colombian situation, or upon the revolutionary outbreak on the isthmus. These two troubles are quite distinct, one on the west and the other on the east of Colombia. The Ranger, which has been ordered to get in readiness at San Diego, Cal., for a trip to Panama, is a cruiser of 1020 tons displacement and has been engaged for some time past for surveying work down on the Pacific coast and Central American waters.

### Miners to Aid Steel Workers.

Indianapolis, Aug. 10.—The executive board of the United Mine Workers of America in session here officially recognized the steel strike. A resolution was adopted setting out the cases of the strike, endorsing the action of the Amalgamated association, pledging the support of the United Mine workers and

### Germany Will Support England.

New York, Aug. 10.—A dispatch to The Herald from Berlin says the foreign office has received news from Morocco that confirms reports of the arrest of the chief of special mission to Berlin and London. In spite of the fact that the opening up of the Morocco question would at present be very inopportune, Germany is prepared to support England in any diplomatic action she may take.

### British Block House Captured.

London, Aug. 10.—A dispatch from General Kitchener, dated Pretoria, says a block house near Bradford, Orange River colony, was rushed and captured by Boers after severe fighting on the night of Aug. 7. He also said Elliott had captured 50 prisoners and large quantities of stock and wagons which he is sending in.

## SERIOUS CHARGE.

Officers Arrested at New York for Aid-  
ing the Poolrooms.

New York, Aug. 10.—Disclosures in-  
volving attempts to buy up an officer of  
the Society for the Prevention of Crime  
and implicating men on duty at police  
headquarters and several sergeants in  
the stopping of gambling houses pre-  
vious to contemplated raids, have fol-  
lowed the arrest of Edgar A. Whitney  
and E. Bergdorff, alleged to be members  
of a secret service bureau in this city.

The men were arrested on a charge of  
conspiracy and aiding and abetting  
gamblers and were arraigned before  
Justice Jerome in the rooms of the so-  
ciety. They were each held in \$3000  
bail.

It is claimed the two detectives had  
approached Agent Dillon of the society  
and offered him money to keep them in-  
formed of the movements against pool  
rooms. Whitney was induced by Dil-  
lon to call at the rooms of the society  
and while there was arrested. He im-  
mediately tossed a bundle of papers out of  
the window. These papers were recov-  
ered by a policeman on the watch. Among  
them was found duplicate list of pool  
rooms which Whitney had previously  
supplied to Agent Dillon.

One of the most remarkable phases of  
the developments as related by Frank  
Moss, in the presence of the executive  
committee of the society, was the state-  
ment that 80 pool rooms were emptied  
promptly by means of telephone com-  
munication following lines laid down  
by Whitney in his arrangements with  
Dillon, some of the messages being sent  
through police headquarters direct to  
the captain or sergeants in charge of  
precincts in which the gambling houses  
were in operation. Mr. Moss claims  
that by this system of telephoning a  
"moral and practical connection has  
been established between police head-  
quarters and the pool rooms."

## ADVISED TO HOLD STOCK.

The Santa Fe Tells Stockmen They Will  
Profit by Holding.

Kansas City, Aug. 10.—A circular let-  
ter has been sent out by the Santa Fe  
traffic department to hundreds of Kan-  
sas stockmen advising them not to ship  
stock to market at the present time. The  
letter states that indications now point  
to a large crop of late corn and calls at-  
tention to the fact that there is plenty  
of wheat in the country which may be  
used for food, and ends by saying that  
although it may cost considerably more  
this winter to keep stock as compared  
with past winters, the stock owners will  
profit in the end. The stock business of  
the Santa Fe and other Kansas roads  
has been immense during the past sev-  
eral weeks.

## Hot Wave in Italy.

London, Aug. 10.—Telegrams from  
Rome say nothing like the heat wave  
which is scorching all Italy has been  
known there before. The thermometer  
in many points of the country registers  
43 centigrades in the shade. Vineyards  
in whole districts have been shriveled  
up and ruined. The air in the province  
of Syracuse is barely respirable, and  
the sea water so warm that bathing  
has been abandoned. People are forced  
to sleep in open air.

## Mortgages on Farms.

Dallas, Aug. 10.—The records at the  
county clerk's office tend to show that a  
much less number of mortgages on  
farms than usual has been filed for  
record. This, of course, is taken to  
mean that the farmers of Dallas county  
are in a prosperous condition, generally  
speaking, and in spite of the losses sus-  
tained by reason of the almost total fail-  
ure of the earlier crops.

## Governor Sayers Tells a Story.

Austin, Tex., Aug. 9.—"I had a  
most remarkable experience yes-  
terday," said Governor Sayers to a  
group of visitors today. "I came  
into the reception room of my  
office and saw sitting there a man  
of good appearance and of intelli-  
gent bearing. When I asked if he  
wanted to see me, he replied that  
he did, and that his business was  
of the greatest importance to Texas.  
I invited him into my private office  
and he gave me further particulars  
of his business with me. He said  
that he was a hypnotist; that he  
had taught his wife hypnotism.  
His wife had taught the mysterious  
art to another man in North Texas,  
and the latter, being of stronger  
will power, had hypnotized his  
wife into living with him. My  
visitor wanted the Legislature to  
pass a law prohibiting the practic-  
ing of hypnotism in Texas. I told  
him that a splendid opportunity  
was offered him to exercise his  
hypnotic power while the Legisla-  
ture is in session: that if he could  
make any arrangements with the  
members of the existing delegation  
in Congress for hypnotizing the  
members of the Congressional Ap-  
portionment Committees and the  
other legislation to leave the con-  
gressional districts as they are, his  
fortune would be made. The man  
inquired where the legislators could  
be found, and the last I saw of him  
he was on his way to the second  
floor of the capitol."—Galveston

THE STATE OF TEXAS—To the  
Sheriff or any Constable of Brazos  
County, greeting:

You are hereby commanded by  
making publication of this citation  
in some newspaper published in the  
County of Brazos for four successive  
weeks previous to the return day  
thereof, you summon Hiram H.  
Cosby, J. C. Webb, Court D. Webb  
and wife Hattie M. Webb, Elias E.  
Post and wife Mary R. Post, and Pe-  
ter W. Anderson and Geo. W. Grable,  
J. M. Halton, A. V. Halton and  
Sarah F. Corrigan, who are non-resi-  
dents of the State of Texas, to be and  
appear before the District Court to  
be holden in and for the county of  
Brazos, at the Court House thereof  
in the City of Bryan, on the first  
Monday, being the 2nd day, in Sep-  
tember, A. D. 1901, then and there to  
answer the plaintiff's petition, filed  
in a suit in said Court on the 8th day  
of August, 1901, wherein W. K.  
Symms is plaintiff, and John W.  
Gee, Hiram H. Cosby, J. C. Webb,  
Court D. Webb and his wife Hattie  
M. Webb, Elias E. Post and his wife  
Mary R. Post, and Peter W. Ander-  
son, Geo. W. Grable, J. M. Halton,  
A. V. Halton and Sarah Corrigan  
are defendants. File number of  
said suit being No. 3464. The peti-  
tion of said plaintiff reciting in sub-  
stance as follows, viz: That on July  
15, 1892, the plaintiff purchased from  
A. Whittaker the east half of the  
Sterrett D. Smith league of land in  
Brazos county, Texas, by a warranty  
deed recorded in volume 9 page 461,  
deed records of Brazos county,  
Texas, and entered into possession  
of said land and still holds same.  
That in Vol. 2, page 256, in the deed  
records of Brazos county, Texas,  
there is entered an instrument signed  
by Alfred Whittaker purporting to  
convey to Alfred Gee the following  
described tract of land: "situated  
in the State of Texas, viz: One half  
league of land in Brazos county be-  
ing the headright Sterritt D. Smith,  
and bot by me from the said Smith."  
That said instrument is unauthenti-  
cated, and was unlawfully admitted  
to record. That the following deeds  
were made, to-wit: Alfred Gee to  
John W. Gee, recorded in book O,  
page 466; John W. Gee to Hiram H.  
Cosby, recorded in book O, page 58;  
Cosby to John C. Webb, recorded in  
book O, page 59; John W. Gee to J.  
C. Webb, recorded in book O, page  
58; Court D. and Hattie M. Webb to  
Elias M. Post, recorded in book 5,  
page 188; E. E. Post and wife to Pe-  
ter W. Anderson, recorded in book 6,  
page 261; E. E. Post and wife to  
Geo. W. Grable, recorded in volume  
5, page 551; E. E. Post and wife to  
J. M. and A. V. Halton, recorded in  
volume 6, page 138; E. E. Post and  
wife to Sarah F. Corrigan, recorded  
in book 6, page 420; Corrigan to E. E.  
Post, recorded in volume 8, page 262.  
That said purported deed from Al-  
fred Whittaker to Alfred Gee, and  
all deeds above set out to parties at-  
tempting to hold under said pur-  
ported deed to Gee, are a cloud upon  
plaintiff's title.

Plaintiff prays for process, and for  
judgement declaring the title from  
Alfred Whittaker to Alfred Gee to  
be null and void and of no force and  
effect, for costs of court and general  
and equitable relief.

Herein fail not, but have you be-

fore said Court, on the said first day  
of the next term thereof, this citation  
with your return thereon, showing  
how you have executed the same.  
Attest—J. W. Batts, Clerk of the  
District Court of Brazos county.  
Given under my hand and the seal  
of said Court, at office in Bryan, in  
the County of Brazos in the State of  
Texas, this 8th day of August,  
1901.

### Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railroads for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the surf bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to S. F. B. Morse, P. T. M. Houston, Texas.

### QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Re. Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

Appreciating the advantages Bryan offers as a cotton market, R. B. Templeman & Son, the largest merchants and cotton buyers of Navasota are making arrangements to buy cotton in Bryan this season. Mr. John Felder, who will represent the Templemans here, spent yesterday in Bryan for the purpose of securing an office and making other preliminary arrangements. He was accompanied by Mr. Ward Templeman, junior member of the firm. The Templemans are known throughout this section of the state as ready and extensive buyers. Mr. Felder has had eight or ten years experience in cotton and was formerly with McFaddens. Mr. Felder's wife was formerly Miss Mattie Ella Yarborough, a favorite in social circles here. Mr. Felder expects to begin business here this week.

The officers of the Central Texas fair have seen fit to send away from Bryan to get their letter heads and envelopes printed—for an ordinary red and blue job of letter press work, which could have been printed in Bryan just as well. This for a local home affair for the encouragement of Brazos county enterprise, does not look well, especially when both local printing offices are stockholders.

The largest mortgage ever filled in the history of Brazos county was filed at the courthouse here yesterday by the I. & G. N. railroad company being a first and second mortgage for the sum of \$10,000,000 to secure bonds for the construction of the road.

## MORE CONTEST SUITS

Three More Protests to the Claim of James Woods.

## TOWN LOTS STAKED.

A Company Selects a Portion of Wood's Claim and Squatters Settle on His Land—Lawton Town. Lots Selling Well.

Fort Sill, O. T., Aug. 10.—Three additional contest suits have been started against James R. Woods, the first winner in the Lawton district land lottery who in choosing his claim shut Miss Mattie Beals out from filing on a tract next to Lawton. A local townsite company staked off Woods' entry and stretched ropes to indicate alleys and lots and gave notice of contest. These Woods displaced with the aid of an axe, but during Thursday night 200 squatters took possession and say they will contest to the end. Woods' attorneys have warned the squatters to move within 10 days. A fourth contest was inaugurated when a placer miner claim based on the alleged discovery of oil in the Woods homestead was filed with the register of deeds.

Town lots in Lawton are selling for a figure which exceeds the most confident predictions. The average for 55 lots sold Thursday was \$300. Friday morning the first corner in the block north of the land office sold for \$900 and the average for the first five sold was \$860. A combination was formed to change the business center of the town to the street running one block north of the courthouse and land office. The two national banks bought lots along this street, and the lot on the corner was sold to the First National bank, now doing business in a small tent, for \$950. But the effort to stampede the town failed. In the two days the two national banks have received deposits aggregating more than \$500,000.

### Another New Town.

Mountain View, O. T., Aug. 10.—Twenty-six mile south of this place Thursday was born a new city that has 300 actual residents and in operation a hardware store, a grocery store, two restaurants and several other establishments will be in operation as soon as the lumber can be delivered on the townsites. This new town is called Park City and it is one of the government townsites reservations. Within a half mile of the city is a mountain spring that flows several thousand gallons of water each day and in a mile of the site are the copper mineral claims of Charles Colcord and others. The site is 30 miles northwest of Lawton.

### Murdered in Mexico.

San Antonio, Aug. 10.—News has just reached this city of the horrible murder of Mrs. Mary Conliffe, wife of Superintendent George H. Conliffe of the cotton mill at Gomez Palacio, Durango, Mex. She was found dead in her diningroom just after 11 a. m. by Mr. Conliffe, who went from the mill to get lunch. Death was caused by strangulation and the body left in such a position to indicate that criminal assault besides murder had been committed. There were three ugly gashes on the face, and around the neck tied tightly, was a cotton cloth. The house had been robbed and many items of interest stolen. Officers have under arrest three peons, one of whom has confessed. The Conliffes are from Pawtucket, R. I.

### Sues Mrs. Nation for Divorce.

Medicine Lodge, Kas., Aug. 10.—David Nation has brought suit for a divorce from his wife, Mrs. Carrie Nation, the temperance crusader. Mr. Nation, who is now visiting in Iberia, O., alleges his wife held him up to public ridicule, neglected his family duties and abandoned his home.

### Eight-Hour Law Upheld.

Joplin, Mo., Aug. 10.—Judge Hugh Dabbs, of the circuit court, handed down a lengthy written opinion upon the constitutionality of the 8-hour law passed by the last legislature, as relating to lead and zinc miners in Missouri. Judge Dabbs decided this law constitutional.

### Sale of Lumber Land.

Marinetta, Wis., Aug. 10.—The J. C. Brown Lumber company has sold to the Meyer-Hauser syndicate 70,000 acres of land in Louisiana for \$65,000. The pine is located in the parishes of Vernon, Sabine, Calcaules and Hattacatoes. There are over 500,000,000 feet of pine on the tract.

### Shooting at Dallas.

Dallas, Aug. 10.—A woman, Willie White, was killed and another called Sadie Walker was wounded so seriously that it was not believed she can live by an unknown person at a house on Camp street, last night. The police have made one arrest. There was no witnesses to the killing.

### Assassinated in the Territory.

Denison, Tex., Aug. 10.—James McFarland, a prominent cattleman and rancher in the Creek Nation, was assassinated between Muskogee and Henryetta, Creek Nation. The body was found with 17 bullet holes in it. There is no clew to the murder.

### Tragedy Near San Angelo.

San Angelo, Tex., Aug. 10.—J. L. Hewitt was shot and killed about eight miles west of here. Several shots were exchanged, when Hewitt fell with a bullet through his head. It is said an old school land controversy was the cause.

## BECOMING SERIOUS.

War Between Colombia and Venezuela Demands American Warships.

Washington, Aug. 10.—The situation in Colombia and Venezuela continues to occupy much of the attention of officials here and while it was not felt that affairs had reached a serious aspect, yet it was appreciated that both the official and unofficial advices indicated a condition of affairs which might mean war between Colombia and Venezuela complicated by revolutionary outbreaks in both countries.

The state department Friday received mail communication from Consul General Cudger at Panama and though this was dated nearly a month ago it told of the landing of a revolutionary expedition and expressed the current belief held at Panama that this would be followed by other expressions. The department also received a letter from J. Edward Simmons, of New York, president of the Panama Railway company, confirming his communication of Friday relative to the trouble on the isthmus and stating that the superintendent of the road had advised him as to the depredations of an insurgent band which did not number, however, much over 50 men.

The more serious aspect of the matter was presented in the press dispatches from Willemstad stating that the Colombians again had invaded Venezuela. There was no official confirmation as to this, but if it should prove correct, there seems little chance of avoiding an open conflict between these two countries as such an invasion by Colombia would in itself be an act of war.

At the navy department it was decided definitely to send the battleship Wisconsin down to San Diego, Cal., in case the desirability of that move became evident by the time she reached San Francisco and the state department was so advised. A force would be sent from the north Atlantic squadron if it should become desirable.

## GENERAL PAGE DEAD.

He Held Mobile Bay Against Farragut's Fleet for Two Weeks.

Norfolk, Aug. 10.—General Richard L. Page of this city, died at his summer home at Blue Ridge Summit, Va., Friday night in the 94th year of his age. He became a midshipman in the United States navy in 1824. In 1861 he resigned his commission as commander in the United States navy and joined the Confederate service. He was commanding brigadier general in 1863. He commanded the outer defenses of Mobile bay at Fort Morgan and with 400 men held Farragut's fleet at bay for two weeks.

General Page was a brother-in-law of Charles Lee, attorney general in Washington's administration, and of "Light Horse" Harry Lee, father of Robert E. Lee.

## Confessed Complicity.

Paris, Aug. 10.—A dispatch to the Patrie from Rome says the anarchist Luigi Gianotti, who is charged at Milan with being an accomplice of Bresci, in the assassination of King Humbert, has confessed to his complicity in the crime. He admits that he left Paterson, N. J., in company with Bresci and that they went together to Monza near Milan. Gianotti started a street row at Monza the day of the murder in order to distract the attention of the police while Bresci attacked the king.

## TEXAS NEWS.

### Insects in Cotton Fields.

Denton, Tex., Aug. 10.—J. C. Hawk of Corinth brought to town Friday several cotton bolls which had been attacked by some insect unknown to him that is, he says, playing havoc with the cotton in his community. The bolls had the appearance of having been bruised in little round spots all over and on examination showed that the bruise extended a considerable distance inside. The boll, after being attacked, Mr. Hawk said, dries up and opens, but the fiber is poor and the boll small. The bolls were shown to J. R. Chambers of Bartonville, an old cotton raiser, who said the insect is a sort of terrapin looking creature about a half inch long, but he had never seen them so bad before.

### Suit of an Indian Girl.

El Reno, O. T., Aug. 10.—Miss Lonie Jackson, a minor claiming to be an Apache Indian, brought suit in the district court here Aug. 5, praying to be given the southwest quarter of section 8, township 2, range 10, in Comanche county, Chief Allotting Agent Nessler having refused to allot her. Judge Irwin granted a temporary order restraining Register Sickles and Receiver Reed of the United States land office from accepting entries on the quarter section until this young Indian girl's rights are determined.

### School Apportionment.

Austin, Aug. 10.—The state board of education at a meeting held here made the apportionment of the state available school fund of \$4.75 per capita, based on a scholastic census of 740,000 children. The scholastic census for 1900-1901 was 729,175 apportionment, \$4.75 per capita; for 1899-1900, 796,072 apportionment, \$4.60 per capita.

### Roosevelt Welcomed.

Victor, Colo., Aug. 10.—Victor gave an enthusiastic welcome to Vice President Roosevelt Friday, fully 10,000 people participating. After an inspection of the Portland mine 1000 feet below the surface, the vice president was taken to the Gold Coin club for luncheon where he responded to a toast. A public reception was followed by a carriage drive. After a visit to Cripple Creek the vice president returned to Colorado Springs.
